Notes:

- ^B preliminary
- Number of people receiving regular EI benefits excludes claimants receiving training, job creation, self-employment benefits and other employment and support measures. EI statistics indicate the number of people who received EI benefits and should not be confused with Labour Force Survey data, which gives the total number of unemployed persons.
- All EI data series have been the subject of an historical revision going back to January 1997.
- Data may not add up to totals as a result of rounding.
